

We are specialists in banking the innovation economy, helping visionaries with entrepreneurial minds achieve and exceed their ambitions. We support clients and investors through all business life stages, from pre-Series A to post IPO, with our deep sector expertise, stability and international reach.

What sets us apart?

Our People

We are a human-led bank offering deep knowledge and expertise based on years of experience

- Dedicated relationship management
- Deep sector expertise
- Long-standing relationships

Dedicated relationship team: Benefit from a dedicated relationship manager from Day 1. Our teams have deep knowledge of the innovation ecosystem, tech & life sciences sectors and the banking products to help you scale.

Founder Success programme: Engage with peers and industry leaders at exclusive events and access practical content to accelerate your growth.

Our Products

We provide bespoke solutions tailored for every part of the journey

- Banking that scales with clients
- Solutions designed specifically for innovation
- Gateway into global HSBC capabilities

Banking that scales with you: Our banking tools and products are designed to scale with you, from pre-Seed to post-IPO. This means you can focus on what matters most: growing your business.

Advanced product capabilities: Products designed for scaling companies including interest earning accounts, treasury solutions, FX tools and Venture Debt.

Our Presence

We influence the global innovation economy with more collective resources than any other bank

- Unparalleled global connectivity
- Fostering meaningful connections
- Investing in inclusive innovation

Global presence: Present in innovation hubs including the UK, US, Nordics, Europe, Israel, India, Hong Kong, Mainland China, Australia and, New Zealand* to help accelerate your global development.

Ecosystem connections: We can help with connectivity to investors, other founders, corporates and expert advisers.

We support investors and their companies around the world

We work with extraordinary clients

"What I've really valued working with the team at HSBC Innovation Banking is their professionalism [and that] they're always available when you need them. I love the fact they challenge us and provide us with ideas and inspiration for some of the challenges that we're trying to overcome."

David Di Cello, Chief Financial Officer, Huel

We can support you across 56 markets and territories.
